ABOUT ME

Address

21/483 Ramkhamhaeng Road
Bangkok 10240 ,Thailand
nonjirawat2506@gmail.com I am
interested in software engineering and
full-stack web application
development. Additionally, I am
determined to use the knowledge I
have gained through practice and
learning, and to be patient with
myself, in order to develop into a
professional. APPLICATIONS
DEVELOPER November-March ,2022-
2023 I collaborated with a team to
develop a web application using the
Go programming language and the
React framework. I implemented
database models using SQLite and
utilized tools like GitHub. July to
present As a Web Developer at
Suranaree University of Technology in
Nakhon Ratchasima, Thailand, in 2023,
I developing a program for job search
applications. I applied Bootstrap 5,
Node.js, and Express, along with
JavaScript. Additionally, I have
designed database models using
MySQL and utilized code tools such as
GitHub and Visual Studio Code. Thai :
